## FEATURES:
- Patented integrated design
- Unique curved appearance, simple and beautiful. Compact, durable design is easy to install, waterproof and dust proof. Material: PBT
- High quality monocrystalline silicon solar panel enables a high conversion to solar electricity with a high energy transaction rate
- Lifespan of more than 20 years
- SMD LED chips offer high brightness & low light decay
- High performance lithium battery, bigger capacity equals a longer lifespan.
- Induction design & wide angle motion detection
- Continuous back light activated at dusk
- Front facing led light activated with motion sensor
- 200 lumen output
- 2 year limited warranty. See website for details.

## APPLICATIONS:
Outdoor, walkways, yards, sheds, trash enclosures, commercial & residential applications.

## UNLOCK PIN
Unlock and activate the device
The internal battery is locked for safe shipping. Users have to use supplied Key pin to click the “on/off” socket and unlock the battery and lighting system.
Activate in the morning of a sunny day to ensure a full initial charge.

## LED Solar Motion Light
### PRODUCT DATASHEET
Updated 07/15/2017

### PART NUMBER:
Solar-LED-Motion-Curve-(Color)

### FEATURES:
- Patented integrated design
- Unique curved appearance, simple and beautiful. Compact, durable design is easy to install, waterproof and dust proof. Material: PBT
- High quality monocrystalline silicon solar panel enables a high conversion to solar electricity with a high energy transaction rate
- Lifespan of more than 20 years
- SMD LED chips offer high brightness & low light decay
- High performance lithium battery, bigger capacity equals a longer lifespan.
- Induction design & wide angle motion detection
- Continuous back light activated at dusk
- Front facing led light activated with motion sensor
- 200 lumen output
- 2 year limited warranty. See website for details.

### APPLICATIONS:
Outdoor, walkways, yards, sheds, trash enclosures, commercial & residential applications.

### UNLOCK PIN
Unlock and activate the device
The internal battery is locked for safe shipping. Users have to use supplied Key pin to click the “on/off” socket and unlock the battery and lighting system.
Activate in the morning of a sunny day to ensure a full initial charge.

### Solar Panel
- 0.8W Monocrystalline Silicon Solar Panel

### Overall Dimension
- 5.98” x 3.78” x 3.28”

### Battery
- 3.7V/1200mA lithium battery

### Working Time
- >3 nights

### Sensing Range
- Approx. 6.5’- 19’

### Weight
- .51 lbs

### Housing
- White (Standard)
- Black (Special Order - min. 20pcs)

### Working Temperature
- -4–131°F

### Quality Assurance
- Warranty: 24 months
- Battery warranty: 12 months

Actual product may vary.
